PROFESSIONAL SUMMARY

Document Controller and Project Documentation Professional with over 10 years of experience supporting telecommunication, infrastructure, mining, oil & gas, industrial, and enterprise projects through effective document control, technical documentation, and project administration.

Experienced in managing engineering documentation throughout the project lifecycle, including document verification, revision control, document tracking, submission management, technical reporting, project handover, and document archiving while ensuring compliance with client requirements and company procedures.

Skilled in preparing and maintaining technical documentation such as ATP, SIR, PR, As-Built Drawings, Transmittals, Punch Lists, maintenance reports, and project progress reports. Strong ability to coordinate with Project Managers, Engineers, QA/QC teams, clients, and vendors to ensure accurate, timely, and compliant project documentation.

Recognized for maintaining documentation accuracy, improving document traceability, and supporting successful project execution through organized document management and effective cross-functional coordination.

CORE COMPETENCIES

Document Control

Document Control • Revision Control • Document Register • Document Tracking • Document Distribution • Document Filing • Record Management • Version Control

Project Documentation

ATP Documentation • SIR • PR • As-Built Drawing • Transmittal • Punch List • Site Acceptance Documentation • Project Handover Documentation • Progress Reporting

Documentation Systems

Microsoft Excel • Microsoft Word • Microsoft PowerPoint • PDF Management • Microsoft 365 • OneDrive • SharePoint • Document Indexing • Digital Archive Management

Project Coordination

Project Administration • Client Coordination • Vendor Coordination • Engineering Coordination • QA/QC Coordination • Permit Administration • Meeting Support

Technical Documentation

Maintenance Reports • Technical Reports • Asset Documentation • Engineering Documentation • Commissioning Support • Site Acceptance Support

Digital Productivity

Microsoft Excel (XLOOKUP, INDEX-MATCH, Basic VBA) • Microsoft Office • AI-assisted Documentation & Reporting • Technical Research

PROFESSIONAL EXPERIENCE

PT. Empore Hezer Tama - Document Controller (NOKIA Inhouse - Indosat Ooredoo Hutchison Project)

Surabaya | August 2025 - March 2026

Managed project documentation for Nokia telecommunication projects by ensuring document accuracy, revision control, submission compliance, and timely project handover throughout the project lifecycle.

Key Responsibilities

- Managed more than 150 engineering and project documents throughout the entire project lifecycle.
- Verified technical documentation for completeness, accuracy, and compliance before client submission.
- Prepared and maintained SIR, PR, ATP documentation, project progress reports, and supporting engineering documentation.
- Controlled document revisions, document numbering, and distribution in accordance with project procedures.
- Maintained document registers, document tracking logs, and project filing systems.
- Coordinated documentation with Project Managers, Site Engineers, QA/QC teams, clients, and vendors.
- Supported project handover by ensuring all required documentation was complete, accurate, and properly archived.

PT. Grha Prima Agung - Permit & Site Supervisor (ZTE-EMR FTTH Project)

Blitar | December 2023 - February 2025

Coordinated project documentation, permit administration, and field operations for FTTH deployment projects while supporting project execution and site acceptance activities.

Key Responsibilities

- Managed permit administration for more than 50 project sites.
- Prepared daily project reports and project documentation.
- Coordinated documentation between field teams, headquarters, vendors, and project stakeholders.
- Participated in ATP, PAT, FAT, Site Acceptance, and commissioning documentation activities.
- Monitored project progress and documentation compliance.
- Coordinated more than 30 field technicians during project execution.

PT Tangguh Mandiri Bersama

(Authorized Service Partner for PT Aplikanusa Lintasarta supporting PT Berau Coal and Industrial Operations)

Field Network Engineer

Balikpapan | November 2016 - August 2023

Supported enterprise telecommunication projects through technical implementation, maintenance activities, engineering documentation, reporting, and coordination across mining, oil & gas, industrial, and commercial environments.

Key Responsibilities

- Prepared maintenance reports, technical documentation, incident reports, asset documentation, and work completion reports.
- Maintained accurate documentation supporting preventive maintenance, corrective maintenance, and project implementation activities.
- Coordinated directly with clients, Service Desk, Network Operation Center (NOC), vendors, and project engineers throughout implementation and maintenance activities.
- Participated in commissioning, site implementation, technical reporting, and project documentation activities.
- Supported project documentation for communication infrastructure, Fiber Optic, VSAT, CCTV, Radio Link, and enterprise network implementation.
- Installed, configured, commissioned, and maintained enterprise communication and network infrastructure.
- Performed troubleshooting and maintenance of Cisco, MikroTik, Fiber Optic, VSAT, CCTV, and communication systems.
- Participated in implementation and technical support activities for projects serving PT Berau Coal, PT Pertamina Hulu Kalimantan Timur (PHKT), PT Wilmar Nabati Indonesia, PT Dharma Henwa, PT Berau Karetindo Lestari (BKL), Quest Hotel Balikpapan, PT Masa Baru Guna Persada, and PT Hino Motors Sales Indonesia.

Key Achievements

- Maintained approximately 99.5% network availability across multiple remote operational sites.
- Successfully completed more than 200 technical service requests while consistently meeting SLA targets.
- Successfully deployed Radio Link infrastructure supporting communication between remote operational sites.
- Participated in telecommunication infrastructure deployment supporting the Indonesian BAKTI program across remote areas.
- Led a 10-member field team in constructing and commissioning two 60-meter telecommunication towers, including grounding systems, lightning protection installation, Radio Link deployment, and end-to-end site activation.

Cahaya Multimedia - Video Editor & Production Staff

Samarinda | February 2014 – November 2016

- Managed digital production assets and operational documentation.
- Maintained structured digital archives.
- Supported multimedia production operations.

PT. Indonusa Telemedia (TelkomVision) - IT Technician

Samarinda | September 2011 – May 2014

- Installed and configured customer communication equipment and IT devices.
- Performed onsite troubleshooting for hardware, connectivity, and communication systems.
- Delivered preventive and corrective maintenance while ensuring service quality and customer satisfaction.
- Prepared service reports and supported technical documentation related to field operations.

CERTIFICATIONS

- Cisco CCNA 200-301 | Aguna Course | 2023
- MikroTik Certified Network Associate (MTCNA) | MikroTik.com | 2021
- MikroTik Administration Training | Aguna Course | 2021
- K3 TKBT Level 2 | PT Indo Training | 2020
- Work At Height (WAH) Certification | PT Indika Pratama Jaya | 2020
- Basic Sea Survival (BSS) | PT Bima Nusantara | 2020

EDUCATION

SMK Negeri 1 Doko – Blitar

Computer and Network Engineering | July 2008 – May 2011

ADDITIONAL INFORMATION

- Based in Balikpapan, East Kalimantan, Indonesia.
 - Willing to relocate throughout Indonesia.
 - Available for business travel, rotational assignments, and remote site operations.
 - Experienced working in mining, oil & gas, industrial, and enterprise environments.
 - Valid Indonesian Driving License (SIM A & SIM C).
 - English: Basic working proficiency (able to read and understand technical documentation).
-
